Students and parents should give careful consideration to course selection in order to eliminate requests for changes. Requests for schedule changes must be made **BEFORE JULY 1**.

Flexible Scheduling for Seniors

Early Release and Late Start Options are a privilege given to seniors who are on target to meet the necessary graduation requirement of 22.0 credits. Seniors attending high school must minimally enroll in **two (2) credits** at their respective high school while most seniors are in need of four (4) credits to achieve the 22.0 required credits. In order to be scheduled for less than a six (6) credit course load, students must provide their own transportation to allow for the flexible scheduling, and parents/guardians must confirm that their child will be employed part-time or officially enrolled in post-secondary coursework. PIAA requires all athletes to pass four (4) credits for high school athletic eligibility. Potential collegiate athletes seeking NCAA Division I or NCAA Division II eligibility should give serious consideration to taking a six (6) credit academic course load and must consult the NCAA Eligibility Center.

Total Credits expected to be earned by end of Junior Year:

1. Required courses listed below must have a teacher signature indicating the appropriate level or specific course. The appropriate level should be noted on the line provided after the course.
2. A .50 credit of Physical Education or Physical Education Elective is recommended in either junior or senior year in order to meet the Graduation Requirement of 1.50 PE credits total.
